**Peanut Butter Dippers has Changed to Apple Dippers!**

We want to tell you about a change we made on our entrée, Peanut Butter Dippers.

We are trying a new product, Sunbutter, which is similar to peanut butter in taste and appearance but it is made from sunflower seeds.

The entrée will now be called Apple Dippers, it will have a bag of sliced apples, a whole wheat pretzel and an portion cup of Sunbutter.

Sunbutter is produced in a peanut-free and nut-free facility.

For more information on Sunbutter, please see their website: [www.sunbutter.com](http://www.sunbutter.com)
