

Bylaws of the Board

Candidate's Election Statement

It is the determination of the Board as set forth in policy not to pay the charges for a prospective candidate's written election statement or materials sent to each voter as allowed in Election Code Section 13307.

Furthermore, notice of this determination shall be sent to the County Clerk in sufficient time prior to the opening of the nomination period for election of Board members so that the clerk can prepare the correct notice to give to each candidate when he/she picks up nomination papers.
